Investment Management Insurance

Volatility in fund performance coupled with allegations of un-suitability, misrepresentation, breaches in investment mandate and regulatory investigations can expose investment managers to attack. Not only are investment managers exposed to legal action from investors, regulators and third-parties, they may also be subject to fraud perpetrated against them by unknown third parties or even trusted employees. These unforeseen costs not only undermine the investment managers' performance and the fund's returns, they can also result in repercussions that can extend well beyond the immediate financial damage.

If these exposures are covered under different insurance products or insurance companies, allocating responsibility between the numerous insurance products or insurance companies can be problematic. Problems can also arise because of different policy terms, conditions, limits and retentions, which can create coverage gaps and can add greatly to the time and expense of dealing with a claim.

To combat the problem, AIG recognizes the need to take a comprehensive approach towards these exposures by offering a single comprehensive product for investment managers, investment advisors and investment funds.

POLICY FACTS

- All in one insurance providing comprehensive cover
- Modular format providing clarity of cover
- Option for separate or shared limit for each module

BROKER FACTS

Single Policy Wording with Modular Format

Avoids the problems of allocating liability between insurers; different policy limits; policy languages (definitions, exclusions, retentions and conditions) but yet provides the flexibility for dedicated separate limits for insuring clauses, catering to the needs of various regulatory requirements mandating dedicated professional civil liability limits.

Comprehensive Insuring Clauses

Cover for professional liabilities, management liabilities and crime losses for the investment manager and funds. Management liability cover as broad as stand-alone Directors & Officers cover in the market place eliminating the need to seek separate Directors & Officers cover.

Blanket Cover

Recognizes the potential complexities of separating managerial actions from professional actions brought by shareholders and investors who may be one and the same.

Investigation Costs

Covers for fees, costs and expenses incurred for investigation by regulatory bodies even in the absence of specified wrongful act.

Emergency Costs

Up to 10% of the limit of liability if the insurer's prior consent cannot be obtained.

Court Attendance Costs

Insured person entitled to US\$500 per day when appearing as a witness to a covered claim under the policy.

Advancement of Defence Costs and "Pay the Loss" of Language

Important for the individual insured to ensure their personal assets are not at stake. Insurer to pay on behalf of the insured for Professional Civil Liability and Management Liability claims. The investment manager and the funds will also benefit by avoiding paying costs and seeking reimbursement from insurers.

Lifetime Run-off for Retired Insured Persons

Gives peace of mind to those who retire without fear that future management will not lapse cover. Retired insured persons to have unlimited discovery.

Lifeboat Protection

Dedicated separate excess limit for policyholder's directors when the policy limit is exhausted, providing additional protection for these directors.

Insured Person Tax Liability

Covers individual insured if they are responsible for the corporate taxes where the insured entity or outside entity is not able to pay corporate taxes due to insolvency (unless the liability is a result of the individual insured's criminal, dishonest or fraudulent breach of law or regulation).

Kidnap Response Costs
